

PROGRAM ITINERARY

A young woman with long, curly brown hair is shown from the side, wearing a red sleeveless top. She is gently kissing a giraffe on the cheek. The giraffe has a white coat with large brown spots and its long neck is raised. The background is a soft-focus natural setting with green foliage.

**SUMMER
YOUTH CAMP
IN UGANDA**

INTERNATIONAL SUMMER YOUTH CAMP IN UGANDA

Location: Kampala, Uganda

Program Duration: 14 days

Group Size: 5 – 20

PROGRAM DESCRIPTION

Our international youth camp program is a highly interactive, culturally immersive, experiential learning program, intentionally designed for teenagers and young adults (aged 15-24) that need the right mentorship, encouragement, guidance and enabling environment to reach their full potential.

Our rigorous program is designed to address the “gaps” and essential life skills that are not adequately taught in any classroom. Whereas schools focus on delivering formal curriculum and academic progression, our program is wholly dedicated to giving the youth a different head start in life. We focus on practical skill-sets and real-life experiences that prepare the youth to succeed in today’s modern global context.

We function as a support system for the youth and mentor them as they navigate their young adult lives. Using innovative approaches to learning essential life skills, we are able to transform young adults into responsible, confident and globally savvy individuals all within an international and culturally diverse environment.

SECURE YOUR PURPOSE-DRIVEN FUTURE THIS SUMMER

FEATURED HIGHLIGHTS:

- Experience authentic cultural encounters and performances.
- Learn from influential guest speakers and global leaders.
- Go on a fun safari, experience scenic views, capture memorable moments
- Meet local peers and connect with young-adult role models from diverse cultural backgrounds.
- Learn new life skills, experience diversity and gain a new worldview.
- Jump out of your comfort zone and experience a life-changing adventure.

KEY LEARNING OBJECTIVES:

- Acquire a well-rounded global perspective, make new global connections and experience a multicultural setting.
- Learn issues of social justice, environmental protection and global development challenges and examine relevant solutions.
- Advance your academic and career readiness skills guided by guest speakers, academics and leading practitioners in their respective fields.
- Develop cross-cultural competencies using a variety of approaches which include language learning, cultural activities and local engagement.
- Build individual character, confidence, social skills and personal responsibility through a wide range of indoor and outdoor activities.
- Transform experiential learning into knowledge through site visits, field work, excursions, lectures and interaction with local peers.

PROGRAM FEE INCLUDES:

- Airport Pickup and Drop Off
- Meals (lunch and dinner per day)
